

Library Research Reminders

- ❑ Our research project is **not** for a grade. Nothing in Library is for a grade.
 - ❑ It's just an extra class right now so that the Fine Arts rotation works.
- ❑ The **end date** for research will be when we (the teachers and some students) go back to school, Oct. 19.
- ❑ Until we are in person, we are going to get the chance to explore more online resources and learn more about our chosen topic, **but there is no final product for this.**
- ❑ The purpose of our research has always been to practice research skills, use some of our online resources, and learn more about a topic of your choosing.
